

### Lesson Material – (1) Pre-lesson Worksheet

Name  Class  No  Date

#### Part A - System Units

*Complete this part on your own.*

1. Name all system units of a computer that you know and tell me their usage.

SYSTEM UNIT	USAGE

2. Have you ever built a personal computer? If so, please write down the specifications below.

YES / NO	SPECIFICATIONS

**Part B - Group Mini-presentation**  
*Complete this part with your group mates.*

**GROUP MEMBERS**

Class	Class Number	Full Name

**TOPIC**

--

*(The topic is assigned in the last lesson.)*

**| STEP 1    Online Searching**

<b>Features</b>	
<b>Latest Technologies</b>	

Find three products of the assigned hardware topic

<b>Models</b>			
<b>Brand</b>			
<b>Price</b>			
<b>Specifications</b> (e.g. speed/ storage size...)			

## | **STEP 2** Group Presentation

### **INSTRUCTIONS**

After finding the relevant information from the internet, you may start to prepare the presentation poster.

### **REMINDERS**

1. Keep it short and precise, 1-minute is good, and 2-minute is long enough.
2. Feel free to create anything (e.g. poster, mind map, drawings...) you like for the presentation, as long as it is not larger than a piece of A3 paper.

### **BRAINSTORM AREA**
